02 STANDARD

As we know, 9th and 10th std are crucial years when it comes to academics. We plan test such that the students get their concepts straight.

03 SUBJECTS

We provide test paper for all the subjects of CBSE and SSC Board.

INTRODUCTION

In the “New Normal” world the absolute shift to online classes was challenging and conduction of examinations has been a different dilemma altogether. Freedom Test Series is a perfect product to cater to the needs of Learners, Teachers, and the Management, taking into consideration every subject, every board, and even class; it is a test series that’s easy to Access & Evaluate.

Features we have in store for you :-

- Subjective Exam
- Evaluation
- Time Constraint
- Mock Test
- 45 & 90 Days Calendar
- Easy to Access
- Aykaa Audio Notes
- Expert Guidance
- E – Notes (wos)
- E – Notes (os)

PRIME FEATURES

A

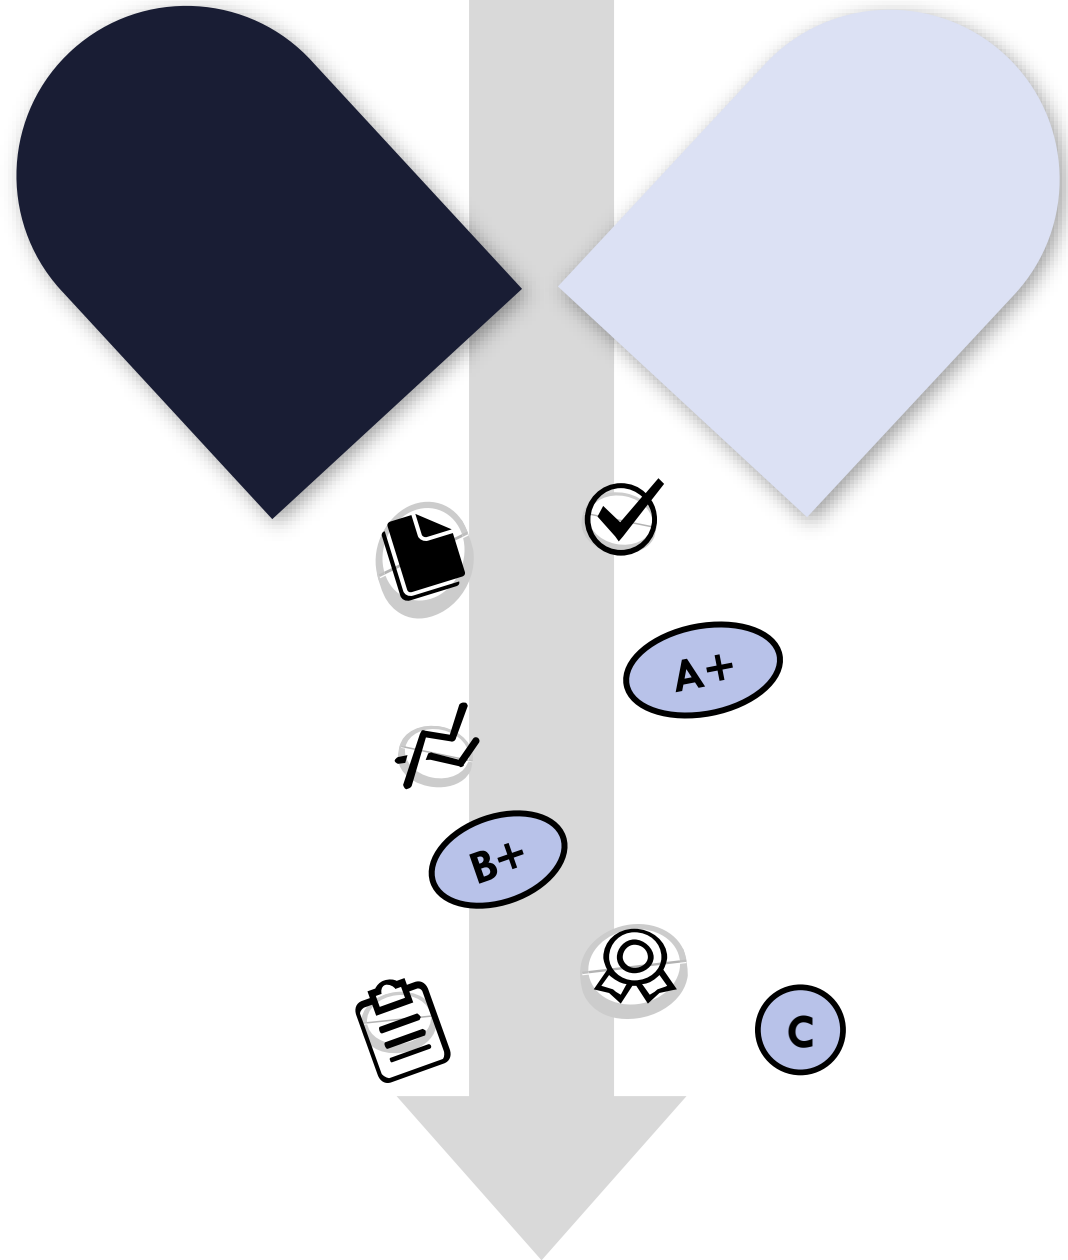

SUBJECTIVE EXAMS

It incorporates subjective exams in it, as opposed to all the other online test series available in the market which are only objective in nature. Where objective questions are convenient, they are in no way sufficient to gauge the understanding a learner has, about the subject he/she studies. Until the subjective is taken into consideration, ascertaining the extent of the knowledge grasped would be unjust. Thus, Freedom Test Series is designed keeping in mind the importance the subjectivity towards learning has.

B

EVALUATION

Our team would provide the papers, assess them and forward it to the institutes, which can then directly provide performance reports to their students. In other words the evaluation of these test papers along with required corrections is also done by us, through highly experienced and qualified teachers; thereby relieving the organization's/institute's teachers from the task of additional evaluation.

A

TIME CONSTRAINT

Another distinguishing feature of Freedom Test Series is that, it takes into consideration the importance of timing with regards to examinations. Considering the internet lag people may face, reasonable extensions for the same have also been integrated in the software in order to give the student a benefit of doubt. However, the decision whether to permit such kind of leniency or not would lie with the organization altogether.

B

MOCK TEST

Along with all the evident benefits, a free mock test series will be provided pre-installation, so the students as well as the management and administration are well versed and adept at using the software before integrating it in their existing system.

C

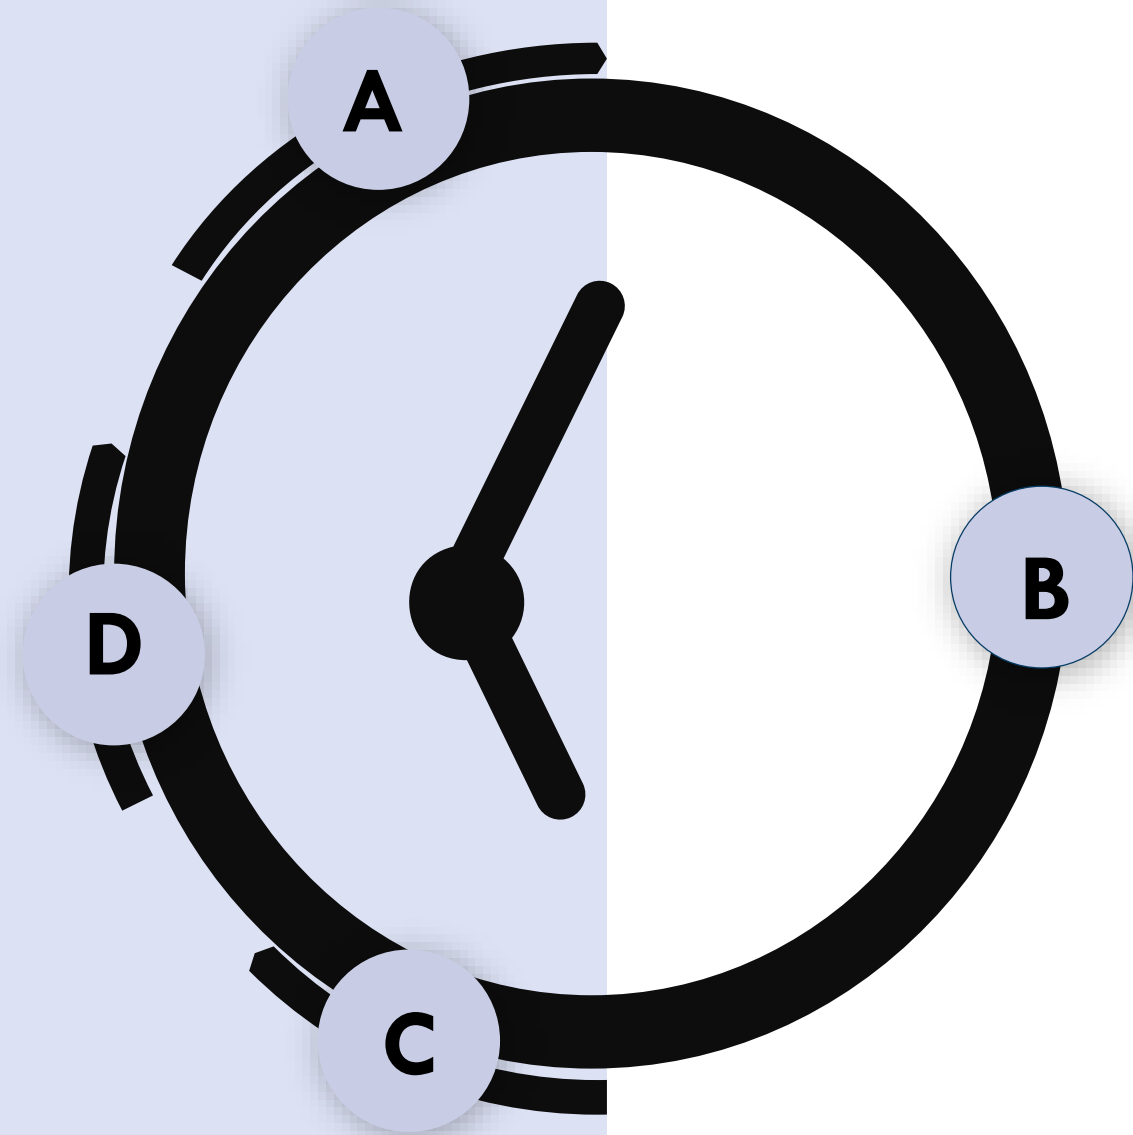

45 & 90 DAYS CALENDAR

Although the program is designed for either 90 or 45 days, an educational institution can customize it and schedule the examinations and lectures as per their timetables and convenience. (The variation in the duration is an obvious result of the difference in the number of subjects the boards have.)

D

EASY TO ACCESS

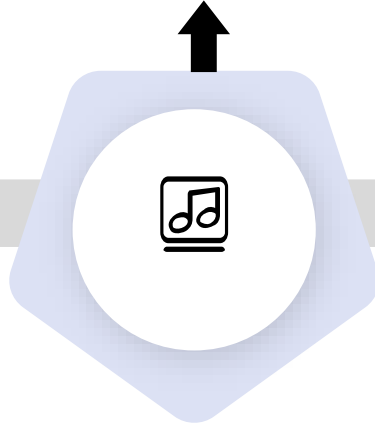

The students access their question papers online at a designated time, and solve it on paper, which they scan and easily upload to the software within the allotted time. Thereby ensuring the examinations are just and authentic in all manners.

ADDITIONAL BENEFITS

We provide a free software named Aykaa, which consists of audio notes. These notes are available for various subjects and students have access to all of them.

AYKAA (AUDIO NOTES)

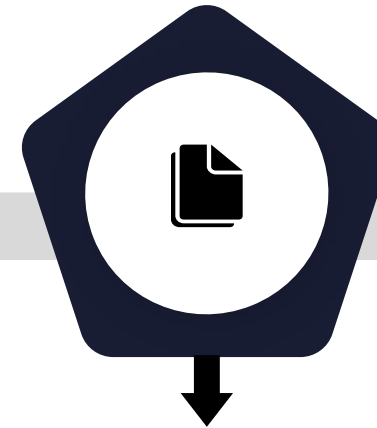

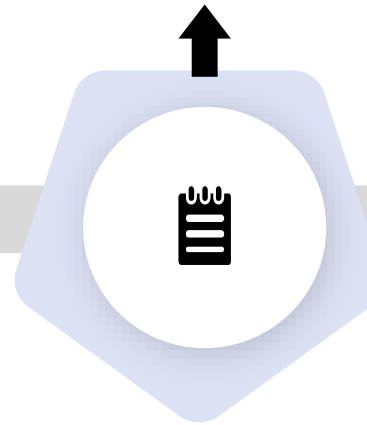

EXPERT GUIDANCE

Every student has free access to lectures conducted by subject experts. This way we try to bring in a new perspective towards the learning process.

As we know searching for notes online is a tedious task, we provide with written notes on which students can underline, edit and mark just like their textbooks.

E-NOTES (WITHOUT OPTIONAL SUBJECTS)

E-NOTES (WITH OPTIONAL SUBJECTS)

In order to back students with enough resources we have another platform where we provide written notes to the students.

SSC BOARD

- SELECT THE COURSE ACCORDING TO YOU CHOICE & NEEDS
- SELECT THE DATES THAT SUITS YOU BEST
- SELECT THE TIME TABLE AS PER YOUR SCHEDULE
